

## **The Meridian Institute Executive Energy Leadership – South Africa**

### **Solve the Energy Crisis, Secure Investment, and Lead the Transition**

**Date:** Tuesday, September 15, 2026 | Live Online | SAST 9:00 AM – 4:30 PM

**Limited to 60 participants**

Organized by The Meridian Institute

---

#### **Course Overview**

South Africa's energy sector stands at a pivotal crossroads, confronting aging infrastructure, intermittent supply, and high-stakes investment decisions that will shape the nation's energy future.

This one-day online program equips senior executives with the strategies, tools, and insights to:

- Address immediate energy challenges with confidence
- Make informed operational and investment decisions
- Lead teams and organizations through the energy transition
- Benchmark decisions against global best practices
- Apply real-world scenarios in interactive Applied Decision Labs
- Engage with peers and experts in the Executive Networking Lounge
- Access The Meridian Institute Alumni Network for ongoing collaboration
- Review the full course recording after the session

Limited to 60 participants to ensure focused engagement and meaningful interaction.

---

#### **Who Should Attend**

- CEOs, COOs, CFOs, Heads of Strategy or Energy
- Senior policymakers and regulators
- Investors and fund managers in energy infrastructure
- Utilities, renewable energy developers, and industrial energy managers

- Consultants and advisors supporting energy projects

This course is for executives and decision-makers who must act strategically, allocate capital wisely, and lead organizations through a high-stakes energy transformation.

---

## **Course Outcomes**

Participants will leave able to:

1. Understand South Africa's energy challenges and opportunities
2. Make high-impact investment and operational decisions
3. Lead organizational energy strategies effectively
4. Apply lessons in Applied Decision Labs simulating real-world scenarios
5. Network with peers and energy leaders during the Executive Networking Lounge
6. Access post-course resources and The Meridian Institute Alumni Network

---
